Professional Experiences

Edwisely - Full Stack Developer

Suntek Corp Private Limited - DSA Technical

Assistant Intern | May 2023 - Present

- As a Technical DSA technical teaching assistant intern, I facilitated learning, supported students, and contributed to the success of Data Structures and Algorithms courses, enhancing the educational experience.
- This also has been enhancing my abilities in solving complex Data Structures and Algorithms.

Invilogic Software Private Limited - Machine Learning Intern | Dec 2022 - Jan 2023

- As a **Machine Learning** intern, I researched and learned about all the crucial topics of Machine Learning.
- We implemented a Robust **Object Detection Model** using the YOLO-v7 Algorithm.

Projects

Project Tracking System - Smart India Hackathon 2022

- Developed a Mobile and Web Application for developing Online Projects' progress monitoring system for Higher Educational Institutions under various schemes and funding agencies.
- Worked as the lead Android Backend Developer and drove the team to victory in the Hackathon.
- **Technologies used:** Android Studio, Google Firebase, RazorPay API (for payments)
- **GitHub** - [Project-Tracking-Application](#)

QuizUp

- A sophisticated Android Quiz App, created using Java and integrated with Google Firebase, enabling users to upload and participate in quizzes effortlessly.
- Led a team of 3 in Developing this Application as part of the Academic Minor Project Curriculum.
- **GitHub** - [Quiz-Up](#)

Skills

Programming Languages: C, C++, Java, Python

Technical Skills: SQL, Android Studio, Data Structures, and Algorithms (DSA)

Familiar: HTML, CSS, JavaScript, React.js

Educational Qualification

Maturi Venkata Subba Rao Engineering College, Hyderabad - BE

Computer Science and Engineering
Jul 2020 - May 2024 | **CGPA - 8.32**

Shraddha Junior College, Mahabubnagar - Intermediate (XII) | MPC

Jun 2018 - Apr 2020 | **97%**

Sri Saraswathi Shishu Mandir, Mahabubnagar - SSC Jun 2017 - Mar 2018 | **9.0 CGPA**

DSA and Competitive Programming

Leetcode: [Chandrudu](#)

Rating: 1479

Problems Solved: 500+

GeeksforGeeks: [Chandrut92n](#)

Coding Score: 651

Problem Solved: 200+

Achievements

- **Winner of Smart India Hackathon (SIH) - 2022**, a prestigious nationwide hackathon for College/ University students, held in August 2022, for Developing an Android Application on the "Project Tracking Application" Project.
- **Winner of Fusion-Hackathon** conducted by **CSI (Computer Society of India)**.
- Secured **AIR 419** in [CodeKaze](#), an internship contest on the Coding Ninjas platform.
- Scored a total of 641/800 in Cocubes test.
- Attained an impressive global rank of 165 in the [Codechef](#) May LunchTime 2022 Div4 competition.

Volunteer Experiences

- Organized a coding event **CODE-DECODE** as a co-ordinator at **CSI (Computer Society of India)**.
- Organized a workshop on **NLP (Natural Language Processing)** in our college.

Certifications

- [AWS Academy Cloud Foundations](#), August 30, 2022.
- [AWS Academy Machine Learning](#), April 28, 2022.

Hobbies

- Touch typing, Playing Cricket
- Photography, Listening to Music
